Design and make a product suitable for a SPORTS person.  
Packaging, labelling, PR and advertising of the product to be explored.  
Cross curricular with Business studies and PE.

## Mathematics

Using Numbers  
Sequences  
Perimeter, Area & Volume  
Decimal Numbers  
Working with Numbers  
Statistics  
Algebra

## Art & Design

### Journeys

Children explore how signs, symbols and metaphors can be used to communicate ideas and meanings about a journey. They produce a mixed-media work, combining drawing, painting, collage and print-making techniques. Pupils learn about artists, craftspeople and designers who communicate their ideas.

## Computer Studies

### Internet Communication & e-safety

Using a variety of search mechanisms to explore the potential of ICT based information sources. Research leading to formal presentation. Exploring a range of types of information, including statistics, legislation and advertising campaigns, making judgements about the purpose and viewpoint of the company.

## English

Students study a contemporary text to further their reading, research skills and writing skills.  
Students will explore the varied themes within the novel and identify how the various themes relate to characters. They will learn to make inferences and refer to evidence in a text.  
Study will also focus on how the author uses language to convey meaning and engage the reader.  
Grammar focus: Students build on their KS2 knowledge of grammar for writing. They will investigate and revise sentence types and develop their skills of using sentences and grammar for effect.  
Throughout KS3 study PEE will be embedded in the learning to facilitate the skills of literary analysis.

# Year 7 Curriculum Overview

## Michaelmas 2017

## Geography

### Making Connections

Locating places on an OS Map  
Describing places  
Conducting an enquiry  
Discovering connections  
Between places

## French

Faisons connaissance
